

# Weekend Warriors

## Trailer Puts Adoptable Pets On The Road Again!

Each time an animal is adopted at the Humane Society of the White Mountains (HSWM), an animal's life is saved. We want to save even more lives...but we need your help.

HSWM is launching a new adoption program called Weekend Warriors "On the Road Again". This program puts some great animals "on the road" each weekend at different locations for off-site adoptions. So they can find their forever new homes.

A donated trailer requires license, insurance, signage and interior renovation to serve as our mobile adoption unit. Donations and support is sought for renovations totaling about \$3,100. Once funded and completed, the weekend warriors will be on the road to adoption.

Your donation of \$50 or more will insure you or your pet's name will appear on the trailer's front as proud "weekend warrior" supporters. Businesses donating \$250 or more will have their logo appearing on the front of the trailer. Donations of \$1,000 or more will earn a name or logo on the trailer's side.

Won't you please help save more animals lives by joining this new program? The goal is to be "On the Road Again" each weekend from April 3 though October 17, saving more lives than ever before.

Please make sure to mark that this donation is for the Weekend Warriors Project.
